REVIEW

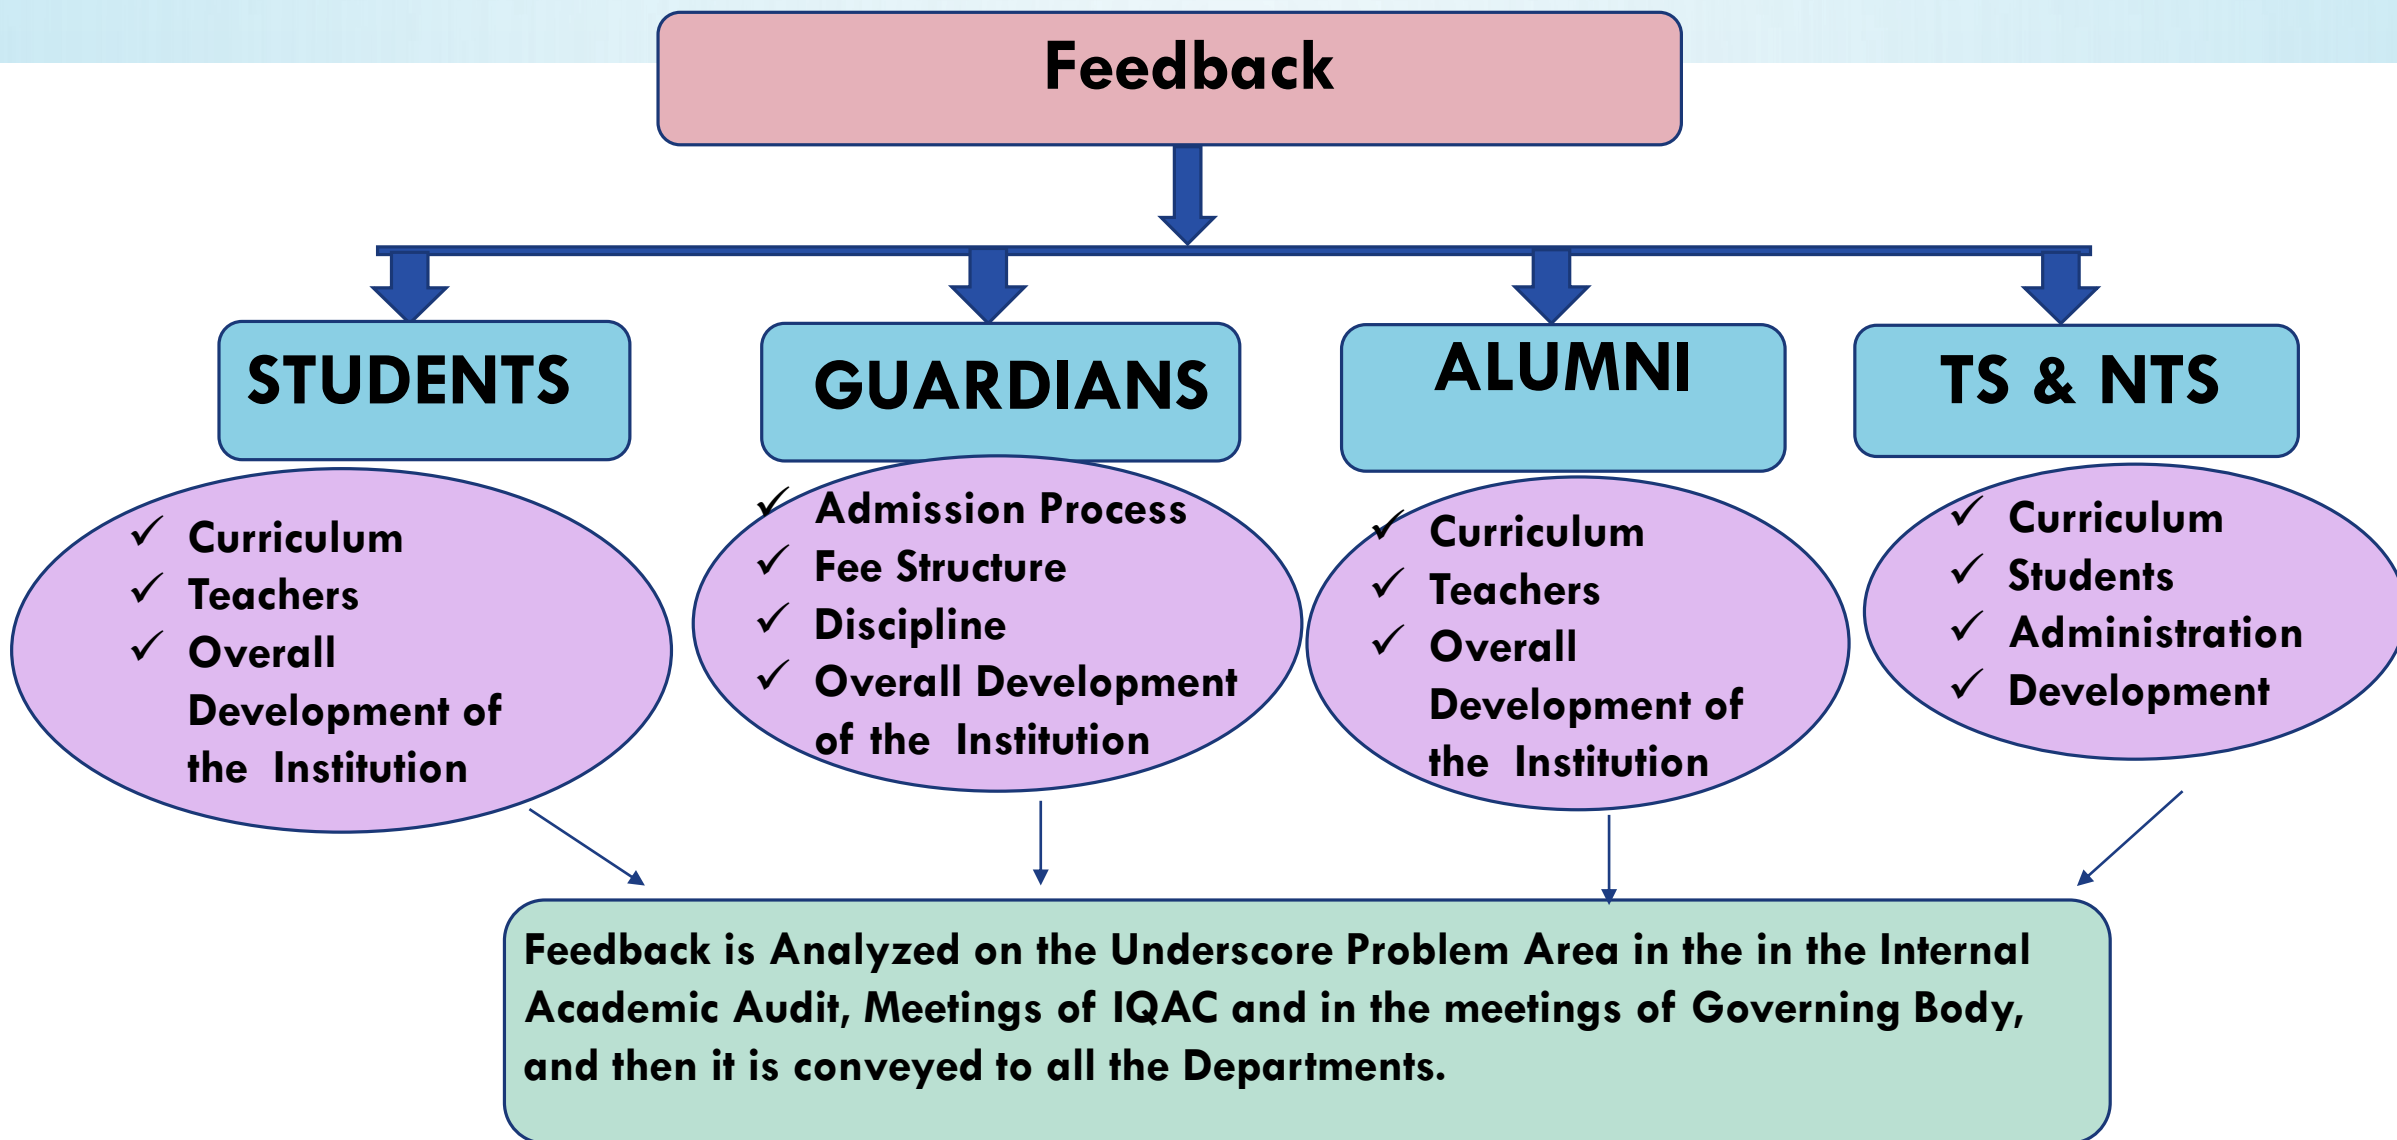

➤ **Academic Subcommittee plays vital role in the academic atmosphere and academic quality enhancement of the college. Besides preparing academic calendar and routine, Academic Subcommittee convenes review meetings after each final examination of each semester where each HOD shared their problems and experiences starting from the completion of syllabus to the examination process to minimize the errors in future through well planned procedures and strategies approved in the meeting.**

IQAC convenes Internal Academic Audit to review the Academic quality of each Department and Academic activities of faculties are also evaluated.

Feedback Collected from different Stake holders: Exit feedback collection was started from 2018-19 but there was offline feedback at that time. It was generally collected from the Students. Currently we are collecting feedback online using AIMS Portal and a special module is dedicated for the purpose.

- **Guardians and Alumni feedback are also collected to evaluate the academic sphere and administration of the Institution. Although, feedback are collected from Teaching and Non teaching staff regarding the qualitative aspects of the Institution.**
- **These feedbacks are analysed in the Internal Academic audit and in the meeting of IQAC and of the Governing Body.**

STUDENTS SUPPORT SYSTEM

Students' Welfare Fund: The College has Students' Aid Fund for the help of the poor students, but this fund is primarily intended for exemption of Tuition Fees. Many students have already availed this facility. However, in 2019-20 and 2021-22, the funds were used to help a poor student Abhijit Sardar (History Honors), boarder of the Government SC Hostel next to the college, by paying half the hostel fees.

Grievance Redressal Cell: We care for Grievances of the Students. Students may write their grievances in a letter to the members of this Cell. However we are feeling proud to mention that not a single grievance has been submitted till date. It implies that a favorable and satisfying environment for Students is prevailing in the college.

Anti-Ragging Cell: Students and staff may complain against any kind of ragging they would face in the college in writing to the members of this cell and dropped in the complaint-box. Though a complaint received from a 2nd Sem student Sahara Mondal, and a mentee of Smt. Srijani Ray on 1/7/2021. An emergency meeting was convened on 2/7/2021. After discussion, it was found that the case comes under the periphery of ICC, not under this Cell. Therefore, the case was referred to ICC for the next course of action.

It has also contributed a lot to collect fund from the Local communities, either in cash or kind for the augmentation of college infrastructure

STRENGTH, WEAKNESS, OPPORTUNITY AND CHALLENGES(SWOC)

OUR STRENGTH:

- **Effective teaching Learning mechanism and academic Infrastructure with Six ICT enabled classrooms, Central library, Departmental library, I-library, N-list membership for E-Books and E- Journals, WIFI enabled campus.**
- **Highly qualified and dedicated teachers.**
- **Decentralization in governance and management system.**
- **Encouragement to the teachers to improve their research skills and for their career advancement.**
- **Mechanism for identification of Slow Learners and to provide special care to them.**
- **Feedback System for review our measures and activities.**

STRENGTH, WEAKNESS, OPPORTUNITY AND CHALLENGES(SWOC)

OUR WEAKNESS:

- **Lack of enough classrooms in comparison to growing student strength.**
- **Lack of conference room and seminar hall.**
- **Lack of an adequate number of teachers lead to a feeble student-teacher ratio.**
- **Due to insufficient funds, it is not usually possible to carry out infrastructural development.**
- **Due to poor economic background of students they sometimes involve themselves in earning something to help their family. This is resulting in large scale absenteeism of students.**
- **Dropout cases of female students due to early marriage.**

STRENGTH, WEAKNESS, OPPORTUNITY AND CHALLENGES(SWOC)

OUR OPPORTUNITIES:

- Growing number of girls students despite of dropout cases for early marriage. therefore, through various programmes, we get the opportunity to teach them how to hold a strong foothold in society.
- Since the college is situated in a remote area of West Bengal, there is a growing demand for education. It is our opportunity that we are trying our best to cater to the growing demand.
- Plenty of spaces to carryout social outreach programmes.
- It is our opportunity that local people are helping us in the development process through the CLOC committee of the college.

STRENGTH, WEAKNESS, OPPORTUNITY AND CHALLENGES(SWOC)

OUR CHALLENGES:

- **To minimize the dropout cases and absenteeism.**
- **The college is situated in a remote area of West Bengal and students belong to poor economic backgrounds. Therefore our students are from vernacular medium. Our students are not very fluent in English.**
- **Since the college is located far away from Kolkata, the scholars and teachers of renowned universities or colleges of Kolkata are not interested in delivering offline lecture in any seminars or special lectures of our College so far.**

OUR FUTURE PLANS

- To introduce more new subjects according to the needs of the students.
- To introduce more professional skill development courses.
- To introduce more add- on courses
- To introduce more ICT enabled classrooms.
- To take initiatives to purchase more books for both central and departmental libraries.
- To increase community outreach programmes.
