**‘Believe you can and you’re half way there.’**

I am extremely privileged and honoured as the first Principal of this college to welcome all distinguished personalities on the dais and present annual report of the college for the session 2018-19

Our college was established during the academic session 2005 and named after the Father of Indian Constitution Dr. B. R. Ambedkar, the great son of Mother India, who tirelessly devoted his entire life for the empowerment of socially and economically backward classes of India. Dr. B. R. Ambedkar laid emphasis on education to ameliorate the conditions of the Dalits. To enshrine the ideology of Dr. B. R. Ambedkar on education, we have adopted the vision **“to develop an original student who should be able to weigh evidence to follow and criticize argument and put his own value on authorities”**. **Initially it started its journey from the campus of Helencha High school and then shifted to its own campus in 2013 in the month of January.**

At the time of its inception in 2005, the college offered B.A. degree course in Sanskrit, Bengali and Pol.Science, Gradually we got affiliation in English, History and Philosophy. B.A. (Programme) Education is introduced this year and we are ready to admit students from this session.

In the previous three academic sessions, the number of students enrolled in the first year across different courses was:

2016-2017=647

2017-18=591

2018-19=884

**2019-20=1020(the admission is now going on)**

The College library has a collection of about 3000 books. It subscribes to 10 Magazines and Journals and 4 newspapers. The total number of books added during the current year is 800. The library committee changed the seating arrangement in the library to create space and to allow in more light and air. The computer and internet facilities are now available to the teachers, students and the library staff within the library itself. The library is fully computerized and uses KOHA software. We have got registered in NLIST and now have the access to 31, 35,000+ e-books and 6000+e-journals. Students and Alumni are provided user id and password on demand to get the access of such huge repository.

The computers are interconnected in a local area network with a central server system. Wi-Fi based connectivity is available for the staff in the administration section, some class- rooms and in the library. More Wi-Fi access points are being planned. Login IDs have been issued to faculty members.
